The possibility of a different vehicle layout may have been suggested by comments online from more than one person saying they would like to see the layout of certain tracks changed, while others have felt the game lacks in thrill overall, according to a post on Polyphony Digital's official Facebook page. At the same time it would have been more costly and complicated for the studio to develop this specific content. The autodrive function will eventually become more useful, as the developers plan to update it to version 3. Back in Gran Turismo 4, you could manually set your car's braking/steering forces on tracks.

Gran Turismo 6 - PS3 Review by Cole
Gran Turismo 6 was announced two weeks ago, and it features a number of new features, such as a physics update, online modes, new courses, and additional cars.

Gran Turismo 6 - Xbox One Review by TheNewsAnonymous
Gran Turismo 6 will launch this week for PlayStation 4 and PlayStation 3, nearly a year after its predecessor launched on PC, PS4, and PS3 last October, a trend the series has followed for most of its existence.

Gran Turismo 6 - PS3 Review | NeoGAF
If you're looking to play GT6 on your PC, no fear, PC players will get their hands on Gran Turismo 6 in October.

Gran Turismo 6 Review By Matt Webster - The Official PlayStation Blog
If you want to test Gran Turismo 6 out in its current state, you'll find a PC version available on the PlayStation Store by the end of September.

Gran Turismo 6 Review by Turn10

Gran Turismo 6 - PlayStation 3 Full Review - GameSpot Gran Turismo 6 for PlayStation 3 is a racing game that's easy to get to grips with thanks to

Gran Turismo 6 PC Free Download To download full PC Game free for all PC game's user's. gran turismo 6 for pc, Download Game full version free. gran turismo 6 pc crack Gran Turismo 6 ESRB Review: Real-World Racing That You Really Should Play. Whilst most of the track is both realistic and faultless, some of it is missable (such as part of the final turn, along with a bit of the outside of Turn 2) and some of the sections may be difficult to complete due to the low amount of time available. The graphics in this game are also remarkably good for a game of such low resolution and low spec. Hopefully for the new owner who has a more powerful computer, the game will look even better. Gran Turismo: PS3 Review: Racing Rivals, A Great American Game However, as with its predecessor, how well do you know the game before you can fully enjoy it? My driver  call me Jack  is the second, third, fourth, and fifth choice amongst the bunch, so I was still missing a lot of power until he advanced up to, say, first choice. The graphics in the game are quite good, even for a game of this type, with realistic cars all springing to life with some small details like the wheels and bumpers, and the game is fun to play. Unlike Gran Turismo 3, Gran Turismo 6 also features a manual transmission, which was a welcome addition for some of us. This

game is also very good for those who can appreciate the charm of drag racing, as this game brings to light the best of both worlds. However, I will warn you, this game can be a bit...gran turismo 6 for pc, Download Game full version free. REVIEW: Gran Turismo 6 | Techradar Well, the box is fairly large, so that is nice to see. In the preview build, Polyphony Digital confirmed that the PC version will be Steamworks enabled.
